

The company's policy is to ensure that all products are manufactured to the appropriate Quality and the buyer can trust the product as being consistent in Quality, Reliability and Safety for the purpose for which it is intended.

To achieve this objective, a Quality Assurance System has been developed and installed to which Management will give their full support.

We are also committed to continually improve effectiveness of our quality management system & ensure that the basic principles of cGMP shall always be adhered to during manufacturing & distribution activities.
